New Choices Waiver

The New Choices Waiver Program was designed to allow an opportunity for individuals living in a nursing home to return to the community in either an Assisted Living Community, an Independent Living Community, their own home, or other home and community setting.

How can we help?

Select Generations Case Management. A social worker and nurse from Generations Case Management will coordinate an assessment with you and anyone you want to invite to attend—

Identify your goal:

Option A: I want to move to an Assisted Living or an Independent Living Community:

- Our Social Worker and Nurse will meet with you and any involved family or friends to identify your options
- We will assist in locating and negotiating rent at an Assisted Living of your choice
- We will coordinate service providers of your choice
- We will coordinate details of your move to the assisted living

Option B: I want to move back to my home, home with family, or to another home and community setting

- Social Worker and Nurse will meet with you and any involved family or friends to identify safety of home and Independent living setting you've chosen.
- Service providers to assist in cares in chosen setting to be selected and to meet to ensure needs can be met and all parties feel comfortable moving forward.
- Safety visit of chosen environment held
- Social Worker will continue to coordinate services and follow for case management while client remains on the New Choices Waiver Program
